parents or husband or wife or children living in the United States, except that if any such relatives or any other relatives of the alien are residing in the United States their names, addresses and relationship shall also be listed in the

spaces provided under Item 14 on the form. The registration officer shall take the fingerprints of the alien on Form AR-4 and the alien shall furnish all information required therein. The receipt of registration (Form AR-103-S) shall be plainly stamped "The holder of this card is not permitted to work ashore or on coastwise vessels". The receipts of registration issued on Form AR-103-S shall bear no time limitation with respect to validity. Such receipts shall be delivered to the seamen at the time of registration.

(d) An alien seaman who after May 31, 1942 is in possession of an unexpired receipt Form AR-103 issued to him as an alien seaman before that date and made valid for one year when issued, may if otherwise admissible be admitted on the basis of Form AR-103 during the period of validity of that form. However, on the first occasion of the admission to the United States of the holder as a seaman after May 31, 1942, the Form AR-103 in his possession shall be stamped "The holder of this card is not permitted to work ashore or on coastwise vessels". On the first occasion of the admission of the holder as an alien seaman after the period of validity of Form AR-103 expires, that form shall be surrendered and the holder shall be registered and fingerprinted anew in the manner provided in paragraph (c) of this section.

(e) The registration forms (except Forms AR-103-S) and fingerprints of alien seamen shall be sent through the appropriate district director to the Alien Registration Division, Immigration and Naturalization Service, Philadelphia, Pennsylvania, as provided by § 170.5 (a).

(f) An alien seaman who, upon arrival at a port of the United States, is properly ordered detained on board the vessel on which he arrives and deported in accordance with law, shall not be registered and fingerprinted, irrespective of whether or not he has previously been registered and fingerprinted under any provisions of this part. Any such alien who is in possession of a registration receipt card previously issued to him shall surrender such receipt card to the officer who orders the seaman detained on board the vessel and deported.

(g) An alien who is by occupation a seaman and who is admitted to the United States in transit for the purpose of joining a vessel in the United States and departing on such vessel in pursuit of his calling shall not, when departing on such vessel from a port in the continental United States, the Virgin Islands, Puerto Rico, or Hawaii, be regarded as an alien seaman for the purposes of § 175.23 (f) of this chapter and shall not be required to present at the time of such departure an alien registration receipt card, unless the alien has remained in the United States for more than twenty-nine days. In case the alien remains in the United States for more than twenty-nine days, he shall comply with the provisions of § 170.1 (b) which require the registration and fingerprinting of aliens who are admitted to the United States without being registered and fingerprinted and who, thereafter, remain in this country for thirty days or longer.

(h) An alien who is by occupation a seaman, and who arrives as such, but who at the time of arrival is in possession of an immigration visa entitling him to admission for permanent residence, or of other documents entitling him to admission under some other provision of law than section 3 (5) of the Immigration Act of 1924, and in connection with the issuance of such visa or other documents the alien has been properly registered and fingerprinted, shall be admitted with the status to which he is entitled by reason of his possession of such immigration visa or other documents.

(i) Notwithstanding any of the other provisions of this section, no alien who arrives as a seaman and who has been lawfully admitted to the United States for permanent residence, who has not abandoned that residence, and who presents a receipt of registration on Form AR-3, shall again be required to register and be fingerprinted. Every registration officer, before registering any alien, who is by occupation a seaman, on Form AR-102-S and issuing a receipt of registration on Form AR-103-S, or before stamping an unexpired Form AR-103 as provided in paragraph (d) of this section, shall ascertain to his satisfaction whether such alien is a lawful permanent resident of the United States and should be registered as such, rather than as an alien seaman in accordance with the applicable provisions of this section. If in any case it is determined that an alien is in fact a lawful permanent resident, but has previously been erroneously registered only as an alien seaman, the registration officer may register the alien on Forms AR-2, AR-3, and AR-4 in the manner provided by the applicable provisions of § 170.4: *Provided, however*, That if in any such case it is the opinion of the registration officer that the failure of the alien to have previously been properly registered and fingerprinted warrants presentation of the facts to the appropriate United States Attorney for consideration of prosecution, the registration officer shall not again register and fingerprint the alien, but shall report the case to the appropriate district director for further action: *And provided further*, That this paragraph shall not be construed to prevent the registration of an alleged permanent legal resident, who is by occupation a seaman and who claims that his registration receipt card has become lost, mutilated or destroyed, upon Forms AR-102-S and AR-103-S under the circumstances recited by § 170.9 (g) (2) or (4).

Section 170.9 (Fourth Sup. G.O. C-21, of July 30, 1941; 6 F.R. 3825) is amended by changing paragraph (g) of that section to read as follows:

**§ 170.9 Replacement of lost, mutilated, or destroyed receipt of registration.** \* \* \*

(g) Replacements of lost, mutilated, or destroyed receipt cards in the cases of aliens who are seamen shall be governed by the following:

(1) An alien seaman who is in the United States pursuant to an admission under section 3 (5) of the Immigration Act of 1924 and whose receipt Form

AR-103-S or unexpired receipt Form AR-103 is lost, mutilated, or destroyed while the seaman is in the United States must, under § 175.23 (f) of this chapter, be in possession of an alien registration receipt card before he may depart from the United States in pursuit of his calling. In such a case the registration officer shall, after any investigation which may be considered necessary to establish the bona fide nature of the case, register and fingerprint the alien in accordance with § 170.8 (c) and issue to him a new receipt on Form AR-103-S. Mutilated receipts held by such seamen shall be surrendered to the registration officers before the new receipts are given the aliens.

(2) An alien who is a lawful permanent resident of the United States, who is by occupation a seaman, and who is in the United States may replace a lost, mutilated, or destroyed Form AR-3 in the manner specified in paragraphs (a) to (e) of this section. In any such case, if the alien desires to depart from the United States in pursuit of his calling before he receives the new registration receipt card for which he has applied, and the best interests of the United States will be served by permitting such departure, the alien may be registered and fingerprinted in the manner prescribed by § 170.8 (c) and issued a receipt on Form AR-103-S. In such a case, the alien shall be advised that his registration as an alien seaman will not prejudice his right to establish at any time that he is a lawful permanent resident of the United States and to receive and use the proper replacement receipt card for which he has made application, which will be sent to him at the address in the United States specified in his application if and when issued. He shall be informed that when such receipt is sent to him, he should send the Form AR-103-S issued to expedite his departure from the United States to the district director with whose office he filed application for a new receipt in lieu of one lost, mutilated or destroyed. District directors will forward such surrendered Forms AR-103-S to the Alien Registration Division.

(3) An alien seaman, who is not also a lawful permanent resident of the United States, whose registration receipt card (regardless of the form on which it was issued) becomes lost, mutilated, or destroyed while such alien seaman is outside the United States, shall upon the next occasion of his admission to this country under section 3 (5) of the Immigration Act of 1924 be registered and fingerprinted in accordance with § 170.8 (c).

(4) An alien who is a lawful permanent resident of the United States, but who is a seaman by occupation, and whose alien registration receipt card becomes lost, mutilated or destroyed while the alien is outside the United States, shall upon the next occasion of his return to this country in pursuit of his calling be registered

and fingerprinted on Forms AR-2, AR-3 and AR-4 in the manner provided by the applicable provisions of § 170.4 and may be admitted to the United States, if otherwise admissible, when such registration has been completed although not actually in possession of a registration receipt card: *Provided*, That before any registration officer registers such an alien in this manner the registration officer shall be satisfied that such alien seaman has previously been registered and fingerprinted as a lawful permanent resident. In the event that the registration officer is not so satisfied, the alien shall not be admitted until he has been registered and fingerprinted in accordance with § 170.8 (c) and issued a receipt on Form AR-103-S. In such a case, the alien shall be advised that his registration as an alien seaman will not prejudice his right subsequently to establish that he is, in fact, a lawful permanent resident of the United States and to obtain by the procedure specified in paragraphs (a) to (e) of this section a proper replacement receipt card for that previously issued to him which, if issued, will be sent to him at the address in the United States specified in his application. He shall be informed that if and when he obtains such a replacement receipt card, he should send the Form AR-103-S issued to permit his entry to the United States to the district director having jurisdiction over the port where he is admitted and the Form AR-103-S is obtained. District directors will forward such surrendered Forms AR-103-S to the Alien Registration Division.

§ 171.18 *Violation of contract.* The Superintendent is responsible for and shall enforce compliance with the lease or permit requirements and regulations. On any violator of the lease, permit, or regulations he shall serve 10 days written notice to show cause why cancellation of the lease or permit should not be effected as authorized in the instrument or the regulations. The Superintendent immediately shall notify in writing the lessee or permittee of the cancellation of the instrument, demand payment of all obligations due, and direct the premises be vacated promptly. ## TITLE 43—PUBLIC LANDS: INTERIOR

### Chapter I—General Land Office

[Circ. No. 1509]

#### PART 192—OIL AND GAS PERMITS AND LEASES

##### REGULATIONS GOVERNING THE REOPENING TO LEASE FILING OF LANDS IN CANCELED OIL AND GAS LEASES

§ 192.14b *Drawings to be held where simultaneous applications are filed to lease lands embraced in canceled leases.* Hereafter in all cases where cancellations are made of leases involving lands not within a known geologic structure of a producing oil or gas field, the Registers of the district land offices will note the cancellation on the tract book as of a future fixed date, ten days after such notation, Sundays and holidays excluded, the cancellation to be effective at 9 o'clock a. m. on the day thus fixed.

No notice to the public of the opening of the lands for lease will be required except that the Register will post notice thereof in a conspicuous place in the district land office during the period between the posting and effective dates of cancellation. The notice will include a description of the land involved.

Applications to lease the lands which are filed in the district land office by mail or otherwise within the period between the date of notation and the effective date of cancellation, and applications filed over the counter by persons who are present in the district land office at

9 o'clock a. m. on the effective day of cancellation, where they conflict in whole or in part, will be considered as filed simultaneously; and the right of priority of filing will be determined by a public drawing following the procedure prescribed in paragraph 4 of Circular No. 324, dated May 22, 1914, 43 L. D. 254 (§ 295.8), except as hereinafter otherwise provided.

If on the effective date of cancellation of a lease two or more conflicting applications to lease the lands have been received, accompanied by proper filing fees, the Register will require each applicant to deposit in his office a drawing fee of \$10, which constitutes a charge for participating in the drawing, and to furnish a statement under oath that the application is filed in good faith for his or its own benefit and not directly or indirectly in whole or in part in behalf of any other person, association, or corporation. Notice of these requirements will be sent to each applicant at the address given in the application by registered mail. Envelopes in which the notices are mailed should bear notation requesting the return of undelivered letters after being held in the post office for a period of fifteen days. The notice will state the date and hour on which the drawing will be held and advise the applicant that unless the requirements are complied with prior to the date of drawing the application will not be entered in the drawing but will be rejected and the case closed without further notice. Where a drawing is held the drawing fee paid in connection with those applications which participate therein will be applied as earned on the date of the drawing and will not be subject to repayment to any of the applicants. In case not more than one applicant pays the drawing fee no drawing will be held and the fee will be returned.

The drawing will be held not less than thirty days from the effective date of the cancellation of the lease. At the completion of a drawing, the Register will furnish the General Land Office a list of the applications involved therein showing: (a) date of drawing, (b) description of the land involved, (c) name of successful applicant and serial number of application, and (d) names of unsuccessful applicants and serial numbers of their applications.

As to the States which have no district offices, the cancellation of leases will be noted on the records of the General Land Office and the procedure herein provided for the opening of the lands to lease filing will be followed.

The filing fee submitted by each applicant with his application will be held by the Register as unearned proceeds and will be disposed of in the manner provided by Circular 1383a, dated July 13, 1938, 56 I.D. 596 (§ 191.6). (Sec. 32, 41 Stat. 450; 30 U.S.C. 189)

[Docket No. G-395]

**IN THE MATTER OF UNITED GAS PIPE LINE COMPANY**

ORDER FIXING DATE FOR HEARING

MAY 26, 1942.

It appearing to the Commission that:  
(a) On May 20, 1942, the United Gas Pipe

Line Company filed an application for permission to remove and relocate certain natural gas pipe line facilities in the Rodessa area of northwest Louisiana consisting of approximately 4 miles of 18 inch pipe and 16 miles of 12 inch pipe, being one of the "Rodessa Loop Lines," extending from a point at the outlet side of Applicant's Myrtis Gasoline Plant near Rodessa Field, Caddo Parish, Louisiana, to a point on Applicant's Sarepta-Latex Main gas transmission line in Caddo Parish, Louisiana as described fully on a map attached to the application;

(b) Applicant states that one-third of the capacity of the three "Rodessa Loop Lines" is no longer used in transporting natural gas from Rodessa Field to its Sarepta-Latex line; that the pipe, valves and fittings proposed to be removed will be used elsewhere on its pipe line system to meet increased demands for natural gas;

(c) Applicant states that the removal of one "Rodessa Loop Line" would leave adequate facilities to meet the requirements of transporting gas from Rodessa Field; that no present customers are served solely through the facilities proposed to be removed;

The Commission, therefore, orders that: A public hearing on said application be held on June 8, 1942, at 9:45 a. m. (E. W. T.), in the hearing room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue, N. W., Washington, D. C.

# FLORIDA BOND & SHARE, INC.

## FINDINGS AND ORDER REVOKING REGISTRATION AS BROKER AND DEALER

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 25th day of May, A. D. 1942.

In the Matter of Florida Bond & Share, Inc., 309 O. B. & T. Building, Orlando, Florida.

1. Florida Bond & Share, Inc., a Florida corporation, hereinafter called registrant, is registered with this Commission as an over-the-counter broker and dealer pursuant to section 15 of the Securities Exchange Act of 1934. Carl L. Courtney is president of the corporation. We instituted this proceeding under section 15 (b) to determine whether the registration of Florida Bond & Share, Inc. should be suspended or revoked.

2. The Commission's public official files disclose that during the period from approximately June 10, 1940, to September 10, 1941, the registrant was not registered as an over-the-counter broker and dealer.

3. Our order of April 22, 1942, instituting proceedings, stated that members of its staff had reported to the Commission information obtained as a result of an investigation which tended to show that:

A. During the period from approximately February of 1939 to approximately March of 1940, the registrant, as agent, purchased and sold securities for the accounts of various persons, and falsely represented to such persons the prices at which such purchases and sales had been effected, thereby obtaining secret profits.

B. During the period from approximately January of 1940, to approximately September of 1941, the registrant, while representing itself as engaged in the securities business, for the purpose of inducing certain persons to sell and purchase various securities at prices far below and far in excess of prevailing market prices, intended to and did withhold from such persons information as to the prevailing market prices thereof, and registrant purchased said securities from and sold said securities to said persons at prices having no reasonable relationship to such prevailing market prices.

C. During the period mentioned in Paragraph B, registrant solicited the accounts of certain persons who for the most part were uninformed and inexperienced in securities matters, and by its representations to, and its conduct toward such persons, induced them to believe that it would act and was acting for them in their best interests, and to repose trust and confidence in its advice with respect to the purchase and sale of

securities; whereas, in truth and in fact, registrant did not intend to act for them in their best interest, but intended to act and acted in its own interest and induced said persons to purchase, and sold to such persons, various securities at prices far in excess of the prices which registrant, at or about the time of such purchases, paid for such securities, and far in excess of the prevailing market prices therefor.

D. During the period mentioned in Paragraph B, registrant induced various persons to buy securities at prices substantially higher than the prevailing market prices of such securities, by falsely representing to such persons that the prices at which registrant would and did effect such transactions were the prevailing market prices of such securities.

E. During the period mentioned in Paragraph B, registrant induced certain persons to exchange securities which they had in many instances originally purchased from said registrant for other securities recommended by said registrant. In making and inducing said exchanges registrant represented to said persons that:

(1) The exchanges were in the best interest of such persons; when in fact said registrant knew that said exchanges were not in the best interest of said persons, but on the contrary said exchanges were intended to be and were effected by said registrant for its own benefit.

(2) In effecting such exchanges they would receive new securities, the value of which equalled the amount of money said persons had invested in the securities which they originally purchased; when in fact the value of said new securities did not equal the amount of money said persons had invested in the securities originally purchased but on the contrary said new securities had a value which was much less than the sum originally invested by said persons.

(3) The prevailing market prices of the securities received and those given in exchange bore reasonable relationship to one another; when in fact the prevailing market prices of the securities involved in the exchange did not bear any reasonable relationship to one another, but on the contrary the prevailing market prices of the securities received by the registrant were much higher than the prevailing market prices of the securities given to said persons.

F. Registrant used the mails and the instruments of interstate commerce in effecting transactions in and inducing the purchase and sale of the securities hereinbefore mentioned.

G. Registrant effected certain of the transactions hereinbefore mentioned otherwise than on a national securities exchange.

The Commission's order further stated that the information reported by its staff, as set forth above, tended, if true, to show that the registrant had wilfully violated section 17 (a) of the Securities Act of 1933, section 15 (a) and section 15 (c) (1) of the Securities Exchange Act

and Rules X-15C1-2 (a) and (b) of the Commission's rules thereunder.

4. The registrant, by Carl L. Courtney, its president, has submitted a document entitled "Answer and Consent to Revocation" in which the registrant admitted "only for the purpose of this proceeding or any subsequent proceeding brought pursuant to section 15 (b) of the Securities Exchange Act of 1934":

(1) That the registrant is controlled by Carl L. Courtney, its president and one of its directors, and is registered with the Securities and Exchange Commission pursuant to application filed on July 18, 1941.

(2) That registrant acknowledges receipt and service of adequate notice of the order of the Securities and Exchange Commission dated April 22, 1942, for proceedings and notice of hearing on the question of revocation and suspension of its registration pursuant to section 15 (b) of the Securities Exchange Act of 1934, and, having no desire to remain registered with the Securities and Exchange Commission and no desire to apply for registration at any future date, waives opportunity for hearing.

(3) That the registrant admits and acknowledges the existence of the alleged facts and the cause of action as set forth in the Commission's order for proceedings.

(4) That during the period from approximately February of 1939 to and including September of 1941, registrant used the mails and instruments of interstate commerce in effecting transactions in and inducing the purchases, sales, and exchanges of securities with the customers referred to in certain Schedules A to Q, attached to the "Answer and Consent."

(5) That among other transactions effected with customers of registrant, during the period from approximately February 1939 to approximately September 1941, were those specifically set forth on Schedules A to Q, attached to the "Answer and Consent."

(6) That the column referred to as "Low Bid" and "High Offer" in the schedules referred to are the bid and ask prices of such securities for the respective dates mentioned as reported by the National Quotation Bureau, Inc., in a publication known as National Quotation Sheets, and are an indication of the prevailing market prices.

(7) That during the period from approximately June 10, 1940, to approximately September 10, 1941, the registrant was engaged in business as a broker and dealer and in a number of transactions made use of the mails and means and instruments of interstate commerce to effect transactions in and to induce the purchase and sale of securities (other than exempted securities or commercial paper, bankers' acceptances or commercial bills), otherwise than on a national securities exchange, without being registered in accordance with the requirements of section 15 of the Securities Exchange Act of 1934.

In the above described document registrant also consented to the entry of an

order revoking its registration as an over-the-counter broker and dealer.

5. The schedules made a part of the "Answer and Consent to Revocation" submitted by the registrant disclose, among other things, the percentages of profit above market indications and above cost which were realized by the registrant in the various transactions it effected with its customers. It appears from said schedules, and we find, that the registrant effected approximately 32 transactions with various customers at prices ranging from 12.5% to 96.1% in excess of the high offering price for said securities as reported in the National Daily Quotation Sheets and in excess of the prices at which registrant purchased said securities from other brokers and dealers at or about the time of the sale to its customers. In 10 of these transactions registrant's sales prices ranged from 10% to 20% above the high offering prices in said sheets and above its cost; in 7 transactions the prices ranged from 21.6% to 28.2%; in 5 transactions the prices ranged from 30.6% to 35.3%; in 2 transactions the prices ranged from 43.3% to 44%; in 1 transaction 54.8%; and the remaining 6 transactions ranged from 62.6% to 96.1%.

6. We find that the registrant has willfully violated section 15 (c) (1) of the Securities Exchange Act of 1934 and Rules X-15C1-2 (a) and (b) of the Rules and Regulations thereunder, section 15 (a) of said Act and section 17 (a) of the Securities Act of 1933, and that it is necessary and appropriate in the public interest and for the protection of investors to revoke registrant's registration as an over-the-counter broker and dealer.

Accordingly, it is ordered, Pursuant to section 15 (b) of the Securities Exchange Act of 1934, that the registration of Florida Bond & Share, Inc., as a broker and dealer be, and it hereby is, revoked.

By the Commission. (Chairman Purcell and Commissioners Healy, Pike, Burke, and O'Brien.)

Secretary.

It, therefore, appearing appropriate to the Commission that notice be given and a hearing be held for the purpose of determining what action should be ordered under section 11 (b) (1), and with respect to the proposed plan filed under section 11 (e); and it further appearing to the Commission that said proceedings involve common questions of law and fact and should be consolidated and heard together;

T., at the office of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, at such time the hearing-room clerk in Room 318 will advise as to the room where such hearing will be held. At such hearing, cause shall be shown why such declaration or application (or both), regarding a plan filed pursuant to section 11 (e) of said Act, shall become effective or shall be granted, and why an order should not be entered pursuant to section 11 (b) (1) of said Act requiring Utilities Stock & Bond Corporation to limit the operations of its holding-company system to a single integrated public-utility system and to such other businesses as are reasonably incidental or economically necessary or appropriate to the operations of such integrated public-utility system.

purpose shall preside at the hearings in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under Section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

*It is further ordered,* That Utility Stock & Bond Corporation, Empire Southern Gas Company, Empire Southern Production Company, Louisiana Ice & Electric Company, Three Counties Ice Company, and Ice Service Company, respondents herein file with the Secretary of the Commission on or before June 9, 1942 their respective answers, admitting or denying, or otherwise explaining the allegations of Paragraphs II and III.

*It is further ordered,* That, without limiting the scope of issues presented by said declaration or application (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the proposed plan filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 is necessary and appropriate to effectuate the provisions of subsection (b) of section 11 of said Act.

2. Whether such proposed plan is fair and equitable to the persons affected thereby, including consideration of the proposed allocation of assets of Utilities Stock & Bond Corporation among its common stockholders.

3. Whether transactions incidental to consummation of the proposed plan filed under section 11 (e) of the Public Utility Holding Company Act comply with the requirements of all other applicable provisions of said Act, particularly sections 7, 10 and 12 thereof.

4. Whether the allegations of sections II and III hereof are true and accurate.

5. What order, if any, should be entered pursuant to section 11 (b) (1) of the Act, requiring Utilities Stock & Bond Corporation to limit its operations to a single integrated public-utility system, and systems or businesses additional thereto control of which may be retained under section 11 (b) (1) of the Act.

6. Whether the proposed recapitalization of Empire Southern Gas Company meets the requirements of the Public Utility Holding Company Act of 1935, particularly sections 6, 7, 10, and 12 thereof.

7. Whether the proposed acquisition by Robert W. Rea and Floyd W. Woodcock of securities to which they will be entitled under the plan filed pursuant to said section 11 (e) meets the requirements of the Public Utility Holding Company Act of 1935, particularly section 10 thereof.

*It is further ordered,* That jurisdiction be and is hereby reserved to separate, either for hearing, in whole or in part, or for disposition, in whole or in part, the proceedings instituted by this order under section 11 (b) (1) and the appli-

cation for approval of said plan filed under section 11 (e).
